DISCIPLINE**

The County Superintendent and County Board are committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and desire to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The County Superintendent and County Board believe that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The County Superintendent or designee shall develop effective, age-appropriate, program appropriate strategies for maintaining a positive school climate and responding appropriately to student misbehavior. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of discipline policies and practices. County Superintendent staff shall use positive interventions and alternative disciplinary measures whenever possible to correct student misconduct. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school shall be imposed only when required or permitted by law or when other means of correction have failed. (Education Code 48900.5)

County Superintendent personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to Education Code 49005.4. (Education Code 49005.2)

The administrative staff of school sites may develop disciplinary rules to meet the school's particular needs consistent with law, County Superintendent/County Board policy, and administrative regulations. The County Superintendent and County Board may review, at an open meeting, the approved site-level discipline rules for consistency with County Superintendent/County Board policy and state law. Site-level disciplinary rules shall be included in the County Superintendent/County Board comprehensive safety plan. (Education Code 32282, 35291.5)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate support and/or discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

When other means of correction have failed, students may be assigned to alternative programs, removed from school, or returned to their district of residence, in accordance with law, County

Superintendent/County Board policy, and administrative regulation.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the County Superintendent/County Board nondiscrimination policies.

The County Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively and equitably implement the disciplinary strategies, including, but not limited to, knowledge of school and classroom management skills and their consistent application, effective accountability and positive intervention techniques, and the tools to establish cooperative relationships with parents/guardians.
