**TITLE I PROGRAMS**

The County Superintendent and County Board desire to provide a high-quality education that enables all students to meet challenging state academic standards. In schools with a large number or percentage of economically disadvantaged families, the County Superintendent shall use Title I funds to provide services that strengthen the academic program and provide support to students at risk of failing to achieve academic standards.

Title I funds shall be used to supplement, not supplant, funds available from state and local sources for the education of students participating in Title I programs. (20 USC 6314, 6321)

Descriptions of how the County Superintendent will address the required components of the Title I local educational agency plan, as specified in 20 USC 6312, shall be included within the County Superintendent's local control and accountability plan (LCAP), the LCAP Federal Addendum. School-level strategies shall be aligned with the County Superintendent's plan and be tailored to the specific needs of the students at the school.

In addition, the County Superintendent and each school receiving Title I funds shall develop a written parent/guardian and family engagement policy in accordance with 20 USC 6318.

Program Evaluation

The County Superintendent and County Board shall regularly monitor the progress of economically disadvantaged and low-achieving students in Title I schools. During the annual evaluation progress toward achieving each goal identified in the LCAP or other planning document addressing 20 USC 6312, the County Superintendent and County Board shall review disaggregated data on academic achievement, school attendance, and other outcomes for such students and shall ensure that strategies are revised as necessary to support continuous improvement.
