Community Relations
CITIZEN ADVISORY COMMITTEES

The County Superintendent and County Board recognize that citizen advisory committees enable the County Superintendent and County Board to better understand the interests and concerns of the community.

The County Superintendent and County Board shall establish citizen advisory committees when required by law, to strengthen the effectiveness of county office operations, or to enhance student learning. The purpose of any such committees shall be clearly defined and aligned to the adopted vision, mission, and goals of the County Superintendent and County Board. The County Superintendent and County Board may dissolve any advisory committee not required by law when the committee has fulfilled its duties or at any time the County Superintendent or County Board deems it necessary.

Citizen advisory committees shall serve in an advisory capacity; they may make recommendations but their actions shall not be binding on the County Board or County Superintendent.

The membership of citizen advisory committees should reflect the diversity of the community and represent a diversity of viewpoints.

The County Superintendent or designee may provide training and information, as necessary, to enable committee members to understand the goals of the committee and to fulfill their role as committee members.

Within budget allocations, the County Superintendent or designee may approve requests for committee travel and may reimburse committee members for expenses at the same rates and under the same conditions as those provided for County Superintendent employees.
