HIGH SCHOOL GRADUATION REQUIREMENTS

The County Superintendent and County Board desire that students enrolled in schools established by the County Board or County Superintendent, and operated by the County Superintendent are prepared to obtain a high school diploma so that they can take advantage of opportunities for postsecondary education and employment.

County Superintendent/County Board students shall complete graduation course requirements as specified in Education Code 51225.3 and those adopted by the County Superintendent and County Board, except for students who are exempted as provided in "Exemptions from County Superintendent/County Board- Adopted Graduation Requirements," below. Students who are exempted from County Superintendent/County Board-adopted graduation requirements shall be eligible to participate in any graduation ceremony and school activity related to graduation in which other students are eligible to participate.

Course Requirements

To obtain a high school diploma, students shall complete 220 course credits and at least the following courses in grades 9-12, with each course being one year and ten credits, unless otherwise specified:

1. Four courses in English. (Education Code 51225.3)

2. Two courses in mathematics. (Education Code 51225.3)

   Students shall complete at least one mathematics course that meets the state academic content standards for Algebra I or Mathematics I. Students may complete such coursework prior to grade 9 provided that they also complete two mathematics courses in grades 9-12. (Education Code 51224.5)

3. Successful completion of an approved computer science course that is classified as a "category C" course based on the University of California (UC) and California State University (CSU) "A-G" admission requirements shall be counted toward the satisfaction of additional graduation requirements in mathematics. (Education Code 51225.3, 51225.35)

4. Two courses in science, including biological and physical sciences. (Education Code 51225.3)

5. Three courses in social studies, including United States history and geography; world history, culture, and geography; a one-semester course in American government and civics; and a one-semester course in economics. (Education Code 51225.3)
SUPERINTENDENT AND BOARD POLICY

FRESNO COUNTY SUPERINTENDENT OF SCHOOLS
FRESNO COUNTY BOARD OF EDUCATION

6. One course in visual or performing arts; world language, or career technical education (CTE). For purposes of this requirement, a course in American Sign Language shall be deemed a course in world language. (Education Code 51225.3)

To be counted towards meeting graduation requirements, a CTE course shall be aligned to the CTE model curriculum standards and framework adopted by the State Board of Education. (Education Code 51225.3)

7. Two courses in physical education, unless the student has been otherwise exempted pursuant to other sections of the Education Code. (Education Code 51225.3)

8. Beginning with the 2029-30 school year, a one-semester course in ethnic studies. (Education Code 51225.3)

Because the prescribed course of study may not accommodate the needs of some students, the County Superintendent and County Board shall provide alternative means for the completion of prescribed courses in accordance with law.

Exemptions from County Superintendent/County Board Graduation Requirements

Prior to the beginning of grade 10, the individualized education program (IEP) team for each student with disabilities shall determine whether the student is eligible for exemption from all coursework and other requirements adopted by the County Superintendent and County Board in addition to the statewide course requirements for high school graduation, and if so, shall notify the student's parent/guardian of the exemption. A student with disabilities shall be eligible for the exemption, if the student's IEP provides for both of the following requirements: (Education Code 51225.31)

1. That the student take the alternate assessment aligned to alternate achievement standards in grade 11 as described in Education Code 60640

2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

In addition, a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, or migrant student who transfers into or between County Superintendent/County Board schools any time after completing the second year of high school, or a newly arrived immigrant student who is in the third or fourth year of high school and is participating in a newcomer program, shall be exempted from any graduation requirements that are in addition to statewide course requirements. This exemption shall not apply if the County Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school.

Within 30 days of the transfer into a school by a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newly arrived immigrant student, or of the commencement of participation in a newcomer
program, as applicable, the County Superintendent or designee shall notify any eligible student, and others as required by law, of the availability of the exemption from local graduation requirements and whether the student qualifies for it. (Education Code 51225.1)

The County Superintendent or designee shall not require or request that a student who is exempted from County Superintendent/County Board-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

If a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student participating in a newcomer program was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the person holding the right to make educational decisions for the student may request the exemption and the County Superintendent or designee shall exempt the student within 30 days of the request. Any such student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

Annually, the County Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of student's graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from County Superintendent/County Board-established graduation requirements that are in addition to statewide coursework requirements.

Retroactive Diplomas

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

In addition, high school diplomas may be retroactively granted to former students who: (Education Code 48204.4, 51430, 51440)

1. Departed California against their will while in grade 12 and did not receive a diploma because the departure interrupted their education, provided that they were in good academic standing at the time of the departure.

Persons may be considered to have departed California against their will if they were in custody of a government agency and were transferred to another state, were subject to a lawful order from a court or government agency that authorized their removal from California, were subject to a lawful order and were permitted to depart California before being removed from California pursuant to the lawful order, were removed or were permitted to depart voluntarily pursuant to the federal Immigration and Nationality Act, or departed due to other circumstances determined to be consistent with the purposes of Education Code 48204.4.
In determining whether to award a diploma under these circumstances, the County Superintendent or designee shall consider any coursework that may have been completed outside of the United States or through online or virtual courses.

2. Were interned by order of the federal government during World War II or who are honorably discharged veterans of World War II, the Korean War, or the Vietnam War, provided that they were enrolled in a County Superintendent/County Board school immediately preceding the internment or military service and did not receive a diploma because their education was interrupted due to the internment or military service in those wars.

Deceased former students who satisfy these conditions may be granted a retroactive diploma to be received by their next of kin.

3. Are veterans who entered the military service of the United States while in grade 12 and who had satisfactorily completed the first half of the work required for grade 12 in a County Superintendent/County Board school.

4. Were in their senior year of high school during the 2019-20 school year, were in good academic standing and on track to graduate at the end of the 2019-20 school year as of March 1, 2020, and were unable to complete the statewide graduation requirements as a result of the COVID-19 crisis.

Adopted: 04/15/2010
Amended: 10/16/2014, 03/17/2016, 01/19/2017, 11/19/2020, 06/15/2023
