Instruction
ANIMALS AT SCHOOL

The County Superintendent and County Board recognize that animals can contribute to the County Superintendent/County Board instructional program by being effective teaching aids to students and by assisting individuals with disabilities to access County Superintendent/County Board programs and activities. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

The County Superintendent or designee shall develop rules and procedures to ensure that when animals are brought to school, the health, safety, and welfare of students, staff, and the animals are protected. However, the County Superintendent/County Board assumes no liability for the safety of animals allowed on County Superintendent/County Board property.
