For each communications goal, the plan shall identify key messages, individuals or groups that can help the County Superintendent and County Board achieve their goal, strategies tailored for communicating with each target audience, timelines, persons responsible for each activity, and budget implications.

As appropriate for each issue, target audiences may include parents/guardians, the media, local governmental agencies, businesses, community organizations and civic groups, postsecondary institutions, health care professionals, child care providers, senior citizens, community leaders, state or federal legislators or agencies, and/or other segments of the public.
