Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the County Superintendent include, but are not limited to:

2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying: An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

4. Cyberbullying: An act such as sending demeaning or hateful text messages or emails, spreading rumors by email or by posting on social networking sites, or posting or sharing embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The County Superintendent or designee shall implement measures to prevent bullying in County Superintendent/County Board schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate.

2. Providing information to students, through student handbooks, County Superintendent and school web sites and social media, and other age-appropriate means, about rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.
3. Encouraging students to notify County Superintendent staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously.

4. Conducting an assessment of bullying incidents at each school site and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias.

5. Annually notifying County Superintendent employees that, pursuant to Education Code 234.1, any staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so.

Staff Development

The County Superintendent or designee shall annually make available to all certificated staff and to other employees who have regular interaction with students the California Department of Education (CDE) online training module on the dynamics of bullying and cyberbullying, including the identification of bullying and cyberbullying and the implementation of strategies to address bullying. (Education Code 32283.5)

The County Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of County Superintendent and County Superintendent employees to prevent discrimination, harassment, intimidation, and bullying of students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences.

2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims.

3. Identify the signs of bullying or harassing behavior.

4. Take immediate corrective action when bullying is observed.

5. Report incidents to the appropriate authorities, including law enforcement, in instances of criminal behavior.

The County Superintendent shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.
